## Tips for an Enjoyable Vacation:

○ Don't let your dogs go into areas on the beach where they're not allowed. Dunes and grassy areas need to be protected from any sort of environmental damage that a dog might cause.

○ Don't let your dog out of your site. Not even once. Paying attention and being proactive will go a long way in protecting you and your dog.

○ Don't leave a mess behind! No one wants to find a surprise just laying on the beach or buried in the sand.

○ Do check the ocean for jellyfish and stingrays. A sting to your dog will be sure to ruin both his and your experience.

○ Do set a time limit for your beach trip. A couple hours might be just the right amount of time at the beach, depending on your dog's activity level.

○ Do Have Fun!!!
